

FROBURY FARM HUNTS

Luxury South African Hunting

EXCLUSIVE HUNTING

Hunting with Holiday or Holiday with hunting both are now available via Frobury farm sporting club in conjunction with Pongola Game Reserve, South Africa.

We are pleased to announce that Frobury have exclusive female cull animals rights with Pongola Game Reserve. Set deep in Kwa-Zulu Natal, bordering Swaziland and Lake Jozini, Pongola boasts some 7,000ha of diverse and beautiful hunting landscape.

Due to an extremely successful breeding programme Pongola is now able to offer controlled animal management hunts to complement, and as an alternative to, trophy hunts. Consequently the Reserve offers a multiplicity of animals including four of the coveted big 5 as well as hippopotamus and crocodile.

Upon completing a days hunt guests can return to the extensive choice of accommodation provided by Pongola. This ranges from the intimate Bush Lodges to fully catered air conditioned colonial

style lodges. Individual accommodation sites have up to 32 beds with stunning vistas of the Pongola River.

Facilities and opportunities extend beyond the shooting and sleeping with a nearby spa, swimming pool area and river cruises available.
